

## 2-Day Advanced In-Office Lingual Course \$1250 + 1 staff free

The in-office course features a full day of case studies and typodont exercises with a focus on more advanced mechanics, followed by a half day in the clinic of an experienced iBraces practitioner. This is an excellent course for those who have some experience treating patients with the iBraces technique and want to learn practical tips and see a variety of patients and clinical procedures.

This course is being taught by Dr. Neil Warshawsky, one of the first doctors in the United States to incorporate iBraces into his practice. Join Dr. Warshasky and the Lingualcare team for this comprehensive hands-on course.
